Frontend Developer with 8+ years of experience specializing in React, TypeScript, and modern JavaScript frameworks. Proven track record in building scalable digital solutions, optimizing web performance, and architecting secure frontend systems. Skilled in translating complex requirements into intuitive user interfaces within Agile environments.

CORE COMPETENCIES

Frontend: React, Redux, TypeScript, JavaScript, HTML, CSS, Angular, Component-Based Architecture, UI/UX Design, Responsive Design, Cross-Browser Compatibility.

Backend & Databases: Node.js, PHP, Firebase, MySQL, API Integration, Web Security, Object-Oriented Programming, E-Commerce Solutions.

CMS & E-Commerce: Custom WordPress Development, Shopify, Webflow.

Methodologies & Tools: Agile (Scrum), Git, Performance Optimization, SEO Strategy.

Languages: English (Advanced C1) | French (Intermediate B1) | Spanish (Native)

Soft Skills: Adaptability | Continuous Learning | Problem Solving | Team Collaboration | Visual Communication

PROFESSIONAL EXPERIENCE

UI FRONTEND DEVELOPER | **Randstad** | Oct 2023 - Aug 2026

- Created React applications for DOMO, adhering to company design system standards and adapting to evolving user requirements.
- Formulated and proposed strategic architectural solutions to address frontend security constraints and system limitations.
- Engineered a proxy server in DOMO to handle backend calls and generate secure Google keys without exposing private keys, mitigating source code vulnerabilities.
- Built and deployed a foundational DOMO application using React based on backend mockups, which provided frontend solutions for existing architecture and served as a base code for other team applications.

SOFTWARE DEVELOPMENT ENGINEER | **Advancio** | Jun 2021 - Apr 2023

- Built, maintained, and deployed updates for client websites using WordPress, Squarespace, and Webflow.
- Collaborated within an Agile SCRUM team to develop frontend applications using React.
- Developed modular, reusable WordPress components combining advanced JavaScript and CSS based on design mockups, enabling non-technical client updates without code modifications.
- Led joint technical diagramming sessions between frontend and backend teams to establish workflow requirements, creating core application features.

WEB DEVELOPER | **DaCodes** | Dec 2017 - May 2021

- Developed, customized, and maintained e-commerce platforms using WordPress and Shopify.
- Developed web applications using Angular and Node.js alongside cross-functional engineering teams.
- Optimized SEO and website performance, boosting target engine rankings to top 3 positions and reducing site loading times by 75% to 95%.
- Collaborated with design teams to propose and execute web redesigns for local event client platforms.

EDUCATION

Bachelor's Degree in Digital Communication and Webmastering.

IUT de Tarbes. Tarbes, France.

TSU (Technical Degree) in Multimedia & E-Commerce.

Universidad Tecnológica Metropolitana. Mérida, Yucatán, Mexico.
